WARNS BRITAIN OF PROBABLE INVASION AFTER AIR ASSAULT

Prime Minister Churchill Urges Constant Vigilance And Declares Britons Can Await Decision in Air With "Sober and Increasing Confidence"—Reviews Damage to Enemy

LONDON, Sept. 17 (P).—Prime Minister Churchill rallied Britons today to constant vigilance against a German invasion, which he said would come, at what Hitler judges "his best opportunity." In the wake of bombing which killed or wounded 10,000 in the first fifteen days of September.

Britain thus has suffered at least 12,000 dead and wounded since the Germans hurled their first huge aerial assault upon London in early August.

But with his solemn report of British dead and wounded, the Prime Minister offered assurance that Britain has done serious injury to Germany's invasion ships and barges, and, meanwhile, "our own strength... develops steadily by land, by sea, and above all, in the air."

SITTING INTERRUPTED

Nazi flyers again interrupted today's sitting of Parliament. The members left when an air raid alarm was given, but reconvened before the all-clear was sounded. When Mr. Churchill finished, secret debate was held.

At the end of the closed session, the speaker authorized an announcement that the House had decided to meet in future at regular intervals, "but that the date and times should not be specified."

Mr. Churchill spoke at some length on the Nazi bombings. "Apart from their general barbarity," the bombing attacks on Continued on Page 14, Column 3

WAR LOAN SALE IS ENCOURAGING

R. W. Mayhew, M.P., Asks Citizens to Heed Personal Canvas by Telephone

The response to the personal telephone appeal made yesterday to householders on behalf of the national war loan by local dealers was very encouraging. R. W. Mayhew, M.P., said last night.

This plan of contacting citizens of Victoria by telephone was adopted by the local committee as a result of discussions with Mr. Mayhew in an effort to stimulate the sale here of Canada's second war loan bonds. It will be continued today.

Word from loan headquarters at Ottawa last night indicated that cash subscriptions reached \$272,345.200 after a heavy day of individual offers. The national objective is \$300,000,000.

Mr. Mayhew stated that an exchange of views among dealers last night showed that the telephone calls had resulted in a noticeable increase of interest among potential investors, particularly the small subscriber.

APPEALS TO CITIZENS

He appealed again to citizens of Victoria to lend a sympathetic ear to this national call for funds to carry on the country's war effort.

"I ask the people to be prepared to talk to those who telephone them, even though they may be arranging to buy bonds through banks or other dealers. This personal contact is an attempt to make everybody feel that the purchase of war loan bonds is their obligation and not that of somebody else."

"I appeal, therefore, to all Victorians to be ready to talk to the dealers when they are telephoned, and, if possible, to be ready to give an indication of the amount they are prepared to invest."

"This is everybody's war, and only by everybody getting behind it with the utmost vigor and determination can it be brought to a triumphant conclusion. I feel confident that Victorians realize this and will rally round this opportunity to invest in these bonds, with profit both to themselves and to their country," Mr. Mayhew declared.

WANTED TO FIGHT

LISBON, Portugal, Sept. 17 (P).—Two young Frenchmen, believed to be aviators anxious to fight for Britain, were seized by police today as they sought to slow away on the British steamship Highgear, bound for England.

Casualties Heavy In Longest Attack Of War on London

Many Houses Destroyed in Eastern and Southeastern Parts of City—Several Large Department Stores Damaged—Other Cities Hard Hit—Twelve Nazi Planes Shot Down

LONDON, Sept. 18 (P).—Despite hurricane winds aloft and the combined defences of Royal Air Force fighters and anti-aircraft batteries, German bombers subjected London last night and today to the longest air raid of the war. It lasted but six minutes less than ten hours, beginning at 8:06 p.m. on Tuesday evening and ending at 6 a.m. The previous longest raid was nine hours and forty minutes on the night of September 8-9.

The raiders returned at 8:18 a.m. for the second attack after daylight.

A communique issued by the Ministry of Air and Home Security said: "Air attacks made by the enemy during last night were again directed mainly against London. Attacks on a smaller scale were also made in some other areas."

INDISCRIMINATE BOMBING
In the London area and surrounding districts, bombs were dropped indiscriminately. Many dwellings houses were destroyed, especially in East and Southeast London. Damage was also caused to industrial and commercial premises, including several large shopping stores in Central London.

It is feared that casualties may be heavier than in recent nights. Houses and buildings were damaged in a Merseyside town and a number of casualties, some of them fatal, was caused.

Few enemy aircraft dropped bombs in the Glasgow area, where slight damage was done to industrial premises. "Reports indicate that in other parts of the country damage on the whole has been slight."

The raiders glided over their targets to escape the attention of anti-aircraft batteries, and criss-crossed the sky.

PRIME MINISTER KING TO MAKE EARLY STATEMENT CONCERNING ROOSEVELT UTTERANCE ON DEVELOPMENT
OTTAWA, Sept. 17 (P).—Prime Minister Mackenzie King told a brief press conference tonight that he expected to make a statement later this week on reports from Washington that negotiations were underway between Canada and the United States on the power-development aspect of the St. Lawrence Great Lakes joint waterways project.

President Roosevelt made it known last week that the possibility of getting to work on joint development of power resources along the international waterway was being explored by the Governments of the two countries.

Early in the war there were reports on possible joint action to develop the St. Lawrence project because of the great drain war industries would place upon power resources.

RAID SHELTER FLOODED
LONDON, Sept. 18 (P).—The deep basement shelter of a large London hotel proved insecure against the Nazi bomb-pelt today. A bomb blasted out a great crater in the street, bursting a water main, and the hotel guests had to flee the flooded shelter.

DIVISIONS AT SALUM
Three Italian divisions of about 45,000 men are encamped at Salum. Larger forces still are massed in Libya. The main Pacific offensive will begin when those troops move.

ONE DIES IN PLANE CRASH

Second R.C.A.F. Aircraftman Seriously Injured in Manitoba Accident

BALMORAL, Man., Sept. 17 (P).—One Royal Canadian Air Force flyer was killed and another seriously injured last night when their Tiger Moth training plane crashed in a ploughed field near this town, forty miles northwest of Winnipeg.

Twenty-four, Winnipeg, died almost instantly when the force of the impact broke his neck, while Aircraftman Bill King, twenty-three, Dauphin, Man., received a fractured leg and other injuries.

Both were attached to the No. 2 training command of the R.C.A.F. Headquarters of the No. 2 command, operated under the British Commonwealth air training scheme, are in Winnipeg.

Held Private Licence
Both King and Murphy had been called up by the air force only three weeks ago. Before joining the R.C.A.F. they had been members of the Winnipeg Flying Club for some time, and held private pilot's licences.

After joining the air force they were posted to the flying club to receive instructions as pilot-instructors.

'FREE FRANCE' LEGIONS GROW

Increasing Numbers in Unoccupied Area Supporting General De Gaulle

LONDON, Sept. 17 (P).—A Reuters News Agency dispatch from the Spanish-French frontier reported that increasing numbers of Frenchmen in unoccupied France are supporting Gen. Charles de Gaulle's fight for "free France" at Great Britain's side.

The Reuters dispatch said that an Englishman who escaped into Spain from Southern France reported that De Gaulle's followers are "greatly increasing" in the unoccupied territory.

SECRET MEETINGS
The De Gaulleists, among whom are many soldiers, hold regular secret meetings in Marseille and other towns, "the Englishman was quoted as saying."

"Food conditions in unoccupied France are nearing the starvation point," he added.

"Potatoes are unavailable, as the Germans have removed the whole potato crop."

"Efforts to transport foodstuffs and other supplies are meeting with sabotage efforts and many Germans are moving into Paris to escape British aerial bombardments of Western Germany," the Englishman said.

Premier Lunches With His Majesty
LONDON, Sept. 17 (P).—Prime Minister Churchill had an audience with King George at Buckingham Palace today and afterward lunched with the King.

His Majesty held an investiture in the air raid shelter of Buckingham Palace. Twelve women and four men who attended the private ceremony received decorations awarded husbands and sons.

WIND, WAVES AND BRITISH AIR SQUADRONS SET BACK INVASION

From Europe Day by Day—THE TIMES, London

News and Comment on International Events selected from The Times daily and published in The Daily Colonist by special arrangement with The Vancouver Daily Province.

(COPYRIGHT, 1940, by Southern Co.)

LONDON, Sept. 17 (By Cable).—The Germans have failed in their attempt to diminish the strength of the Royal Air Force. They have not succeeded as they hoped in driving it from the skies or from the air-dromes, nor have they checked its ever-growing strength.

The Royal Air Force has to face not only German airplanes, but also Italian, and it can consequently never be too strong in Europe or in the Middle East.

Though the losses of German airplanes, says The Times, have been colossal they have not been crippling. Far more significant is their loss of alarm. Even an air force which has been preparing for war on the largest scale for seven years can not make good with reserves of equal quality the losses on its present scale.

On the other hand, there is no doubt the strategy of hitting at the enemy's bases and communications is correct. It is infinitely more costly to him than his strategy of murdering meandering at night to Britain.

It remains to be seen whether Italian occupation of Sicily, on the Egyptian frontier, is merely a tactical move or the beginning of a serious attempt at invasion of Egypt. The Egyptians will, however, fight in defence of their own land backed by Britain's full strength there.

Part of the French unit formed in Egypt among supporters of General de Gaulle is now facing the Italians. Many have come from Syria, waiting for days in the desert to reach the British lines.

There is friction in Syria over the Italian armistice commission there to reduce the French forces to a minimum and to dismantle equipment and aircraft. Guarantees are demanded by the Italians that no demolished French troops shall enter the British service. Italy has already cut half her trade through the British blockade and the cost of living is rising rapidly.

Normal religious services have been restored in St. Paul's Cathedral and a constant watch is now kept against future air bombings. Liverpool Cathedral, it is announced by Bishop David, has been somewhat damaged by the raiders.

Time Bomb Drops Near U.S. Embassy

LONDON, Sept. 18 (Wednesday).—A time bomb fell in the neighborhood of the United States Embassy last night. It still was unexploded after daybreak today, the Embassy staff reported.

All persons in the building took refuge on the first floor during the night. "One member of the staff said: 'We certainly had a hell of a night—they were popping all around us.'"

THREE SEAMEN LOST OVERBOARD IN GALE

NORFOLK, Va., Sept. 17 (P).—Three crewmen of the Swedish freighter Laponia were lost overboard, and several others injured, during the storm which lashed the 5,600-ton vessel east of Cape Hatteras the coast guard was informed today.

Apple Growers Estimate Loss at \$1,000,000—Lobstermen Lose Boats and Gear Worth Many Thousands—Hundreds of Small Craft Sunk

HALIFAX, Sept. 17 (P).—Annapolis Valley fruit growers marked up a loss of about \$1,000,000 tonight, while widespread sections elsewhere in the Maritime Provinces surveyed damage running into the hundreds of thousands of dollars in the trail of last night's near-hurricane.

Hardest hit by the furious blow the orchardists of Nova Scotia's fruit belt had been an estimated 800,000 barrels of ripe apples tumbled to the ground, just about 50 per cent of their expected 1,250,000-barrel crop. The Apple Marketing Board here estimated tonight this would cost them \$1,000,000.

Along the Northumberland Strait, lobstermen had lost thousands of dollars' worth of gear.

SHIPPING HEAVILY BATTERED
Small shipping was battered severely. Besides two sizeable pleasure yachts driven aground in Halifax, small vessels in Nova Scotia and New Brunswick were sunk or sent adrift.

Britain's Air Ministry Reports German Fleet of Ships Poised for Attempt Had Been Scattered—Raids on Nazi-Controlled Ports Continue With Heavy Damage to Concentrations

Empire Shipping Proceeds Through Channel Unharmmed

BERLIN, Sept. 18 (CP).—Despite a fierce storm raging in the English Channel and across the North Sea, a small group of Royal Air Force long-distance bombers crossed Germany's western frontier last night, German officials admitted today.

LONDON, Sept. 17 (P).—The power of wind, billowing fog and British bombers united today to prevent any immediate Nazi attempts to put soldiers on these islands but Prime Minister Churchill warned the people that enemy preparation for invasion still continues hourly.

The German fleet of ships and barges assembled for the attempt has suffered one defeat, the Air Ministry declared, has scattered and sought whatever cover it can find against the menace of the English Channel's high, tossing tides, the foggy atmosphere and the constant attacks of British planes.

RAID ON PORTS
An Air Ministry bulletin issued tonight gave the details of heavy British raids carried out Monday on German-held invasion ports. These, it said, were the destructive results.

Verre, on The Netherlands Island of Walcheren—Barge concentration in a canal lock bombed from low level.

Dunkerque and Ostend—Docks and shipping attacked under cover of low clouds.

Calais—Bomb salvo seen to burst on the quay.

Off Zebruges, Belgium—Twelve barges and three escort vessels bombed.

Off Ostend—Three self-propelled barges attacked.

"German" barge concentrations outside as well as inside the invasion ports were harassed, the ministry summed up.

Throughout the day the wind blew harder and harder, and tonight great waves broke in fury on the English coast. Rumors that wrecked German barges had been washed ashore were not confirmed officially.

DANGER NOT GONE
Nevertheless, Mr. Churchill told Britain not to bank too much upon all this, nor upon the fortuitous approach of a chill and early autumn, that the danger is still ahead and not gone.

It was true, he said, that "serious injury" has been done to the German fleet, and that British strength everywhere is growing—by land, by sea and, above all, by air. Still, he said, "all our preparations must be maintained in a state of vigilance."

British planes, disregarding the weather, carried out a hazardous assignment over the Nazi-held French coast and the Channel, keeping ceaseless watch and spotting the hiding places of the dispersed German fleet.

British shipping steaming through the Channel under convoy met not a single German attack or attempted attack during the day.

The R.A.F. coastal command aircraft escorted these merchant ships and, in the course of this work and the routine anti-submarine patrols, flew 15,000 miles in a few hours, despite generally bad weather.

LARGE-SCALE SEARCH
Other coastal command planes carried out the reconnaissance ac-line over the entire Channel area, "combining the enemy coast as the official statement put it."

It said: "Searches on a large scale had been organized overnight to ascertain sudden changes in the dispositions of the German sea forces. These changes were imposed on the Continued on Page 3, Column 5

LORD LAMINGTON DIES IN LONDON

Former Governor of Queensland And Bombay Passes at Age Of Eighty Years

LONDON, Sept. 17 (P).—The death of Lord Lamington, eighty-year-old president of the East India Association, who was wounded last March by an Indian assailant, was announced today.

He was Governor of Queensland from 1895 to 1901 and Governor of Bombay from 1903 to 1907.

Lord Lamington was shot in the arm by Uddiam Singh, Indian engineer, who fired several shots into a crowded meeting of the East India Association at Caxton Hall.

One of the shots killed Sir Michael O'Dwyer, retired British administrator in India, and wounded another man. Singh was executed.

Crops and Shipping Heavily Damaged by Gale in Maritimes

Flames Roar Through Nine Acres Of Baled Cork—Loss Exceeds \$500,000

BALTIMORE, Md., Sept. 17 (P).—A fifteen-alarm fire roared through nine acres of baled cork at the Crown Cork & Seal Company's plant today, threatened nearby oil storage tanks, and caused damage, company officials estimated, at "more than \$500,000." Intense heat hampered 300 firemen, four of whom were burned or overcome by smoke.

A company foreman said he believed a spark from a freight train started the fire. Other persons reported hearing an "explosion" just before the fire.

Hours after the first alarm, the fire still burned fiercely, but fire department officials expressed belief they could prevent it from spreading.

SHIPPING HEAVILY BATTERED
Small shipping was battered severely. Besides two sizeable pleasure yachts driven aground in Halifax, small vessels in Nova Scotia and New Brunswick were sunk or sent adrift.

Red Cross Has Big Job Providing Food For War Prisoners

Many Problems Present Themselves to Society in Wartime—Assistant National Commissioner Pays Tribute to Response of the People

ONE of the biggest jobs the Canadian Red Cross has on hand at the moment is to provide 10,000 foodstuff parcels per week for British prisoners of war in Germany, at an annual cost of \$1,500,000, W. J. Cairns, Toronto, assistant national commissioner of the society, said here yesterday.

"It's a man-sized job. It will take 120 workers six days a week all the year round, yet it's only one of the many big jobs we have to do," he stated.

Visiting Victoria to study local conditions, in view of the forthcoming Red Cross financial drive across Canada for the sum of \$5,000,000 to carry on the society's war efforts, the commissioner conferred with Brig.-Gen. J. G. Austin and other local Red Cross officials.

Mr. Cairns expressed disappointment that the Victoria campaign would be limited with the Community Chest appeal. Vancouver, Victoria and Calgary are the only cities in Canada which combine the Red Cross appeal with any other, he commented.

EMERGENCY NATURE
He said that the Red Cross Society does not set itself above any other society, but feels that in wartime particularly the emergency nature of its work makes it desirable to appeal for funds in a separate campaign. "At times like these, I feel that people want to give expression to their desire to help by contributing to the Red Cross. Under a joint campaign they cannot do this effectively."

"But don't think I have come here to suggest any changes. I am here to study Red Cross conditions in general and confer with your local officials," Mr. Cairns added. Asked if he were sure that food parcels for British prisoners in Germany would reach the men intended, he declared that he has had reports from Swiss censors in prisoners' camps which indicate that the Geneva agreement covering this point is being observed by Germany.

VISIT EACH CAMP
"The International Red Cross Commission sees that the food is sent, not to an individual prisoner, but the number of parcels to a camp corresponding to the number of British prisoners there. An inspector of the commission—they are mostly Swiss—visits each camp, and as a further precaution each fourth or fifth parcel has a receipt card which the men are asked to sign and return," he disclosed.

In similar manner the interests of German prisoners in Canada are

OFFERS SELF AS A "GUINEA PIG"

Young Man Seeks to Recover From Case of Progressive Muscular Atrophy

Afflicted with progressive muscular atrophy eighteen months ago, Herbert Granville Chatham, twenty-nine, formerly of Edmonton and Vancouver, now offers himself as a "guinea pig" to any hospital, clinic, scientist or medical practitioner where there is hope of a cure.

"I'm not making this offer with the expectation of dying in a few months," he said. "I'm making it hoping to recover."

Chatham, son of Dr. H. E. Chatham, 61 George Road, was born in Edmonton and was employed for some years in the Treasury Department at Edmonton before moving to Vancouver with his parents four years ago. Last May the family came to Victoria.

Chatham has written to the Mayo Clinic at Rochester, Minn., and other noted institutions, but received no encouragement. He recently read of an oil obtained from apple seed containing Vitamin E. People suffering from progressive muscular atrophy are very deficient in this vitamin and Chatham is willing to put himself in the care of any person or institution engaged in research work in connection with this vitamin.

Spain's Envoy Confers With Adolf Hitler

BERLIN, Sept. 17 (AP)—Ramon Serrano Sener, Spanish Minister of the Interior, was received today by Hitler. The conversation of an hour and a half presumably concerned a new role planned for Spain by the Axis powers.

The Hamburger-Fredembiatt claimed the visit was not only a demonstration of "Spain's unshakable belief in the victory of the Axis powers," but showed "on which side the new Spain of Franco finds itself."

BURIED AT LADYSMITH

LADYSMITH, Sept. 17 (CP)—Funeral services will be held Thursday for Mrs. Mary Ann Elliott, seventy-eight, lifelong resident of Nanaimo and district, who died at her home Sunday.

She was born at Nanaimo and is survived by six sons and two daughters. Two sons, Edward and Joseph, live at Vancouver.

IRISH VESSEL SUNK

DUBLIN, Sept. 17 (CP)—The Eire Government Information Bureau announced today that the 1,074-ton Irish vessel Rulmehk has been reported sunk in the Atlantic by a submarine. The information, it was said, came from the Eire minister in Madrid, who reported that the ship was sunk September 4, and that nine of the crew, including the captain, had been landed at a Spanish port.

AUSTRALIA GIVES

MELBOURNE, Sept. 17 (CP-Reuters)—Prime Minister R. G. Menzies announced today that the Australian War Cabinet has decided to give £50,000 (\$177,000) for the relief of Russian victims of air raids.

SOVIET CELEBRATES

MOSCOW, Sept. 17 (AP)—Russia celebrated the first anniversary of her march into Poland today with mass meetings and newspaper articles hailing the "emancipation of the Western Ukraine and White Russia," territories acquired from Poland.

MASS PROTEST MEETING TO BE HELD TOMORROW

A mass meeting of retail salespeople to maintain daylight selling hours, will be held tomorrow night at 8 o'clock in the Crystal Garden Hall under the auspices of the Retail Clerks' Union.

The city police commission has recommended repeal of the Early Closing By-Law to the City Council, and it is contended by the clerks that such repeal would pave the way to night selling and unpaid overtime work. Speakers will be officers of the local trade unions, and invitations are extended to members of the City Council and interested merchants.

COURT OF APPEAL HOLDS DECISION

Conviction of Vancouver Woman Sustained for Having Internment Camp Sketch

Decision was reserved by the Court of Appeal yesterday on an appeal of Elizabeth Mary Bronny against a sentence of two years in prison and a fine of \$500 by Judge C. J. Lennox at Vancouver for possessing a sketch of an Alberta internment camp. The conviction of the accused was sustained.

An appeal of Roy Whitehouse against a conviction and sentence of hanging for the murder of Alex Ingram at Fernie on November 21, 1939, will be heard by the court on Tuesday. It is understood that Mr. Justice D. A. McNeill, recently appointed to the Court of Appeal, will sit on the appeal.

Appeals listed for hearing today are Rex (R) vs. McNeill (A); T. Hurley for respondent; appeal from Morrison, C.J.S.C., and Rex (R) vs. Kowas, D. J. McAlpine for appellant, W. S. Owen for respondent; appeal from Harper Co. J.

VICTORIA MEN RECEIVE HONOR

Air Commodore Godfrey and Commodore Beech Named Aides-de-Camp

Air Commodore A. E. Godfrey, R.C.A.F., commanding the Western Air Command, and Commodore W. J. R. Beech, R.C.N., recently appointed to the command of the Esquimalt naval station, have been made honorary aides-de-camp to the Earl of Athlone, Governor-General of Canada, according to an announcement made in Ottawa.

The National Defence Department made public a list of thirty-four honorary aides-de-camp to the Governor-General, which included members of all three services, army, air and navy, as well as representatives of the reserve of officers.

Col. H. S. Tobin, reserve of officers, and Lieutenant-Commander H. R. Wade, R.C.N.V.R., both of Vancouver, are also named on the list. Others include: Major-General T. L. Tremblay, Inspector-General, Eastern Canada, Quebec; Group Captain L. F. Stevenson, R.C.A.F., Regina; Lieutenant-Colonel F. A. S. Dunn, University of Alberta, C.O.T.C., Edmonton, and Lieutenant-Colonel H. Strachan, 15th Alberta Light Horse, Calgary.

POETRY GROUP TO MEET
The poetry group of the Vancouver Island branch of the Canadian Authors' Association will meet at the home of Mrs. A. R. Kerr, 1144 Summit Avenue, on Thursday, September 26. At the meeting on Monday night at the home of the president, Mrs. Myrtle Lane, Dewdney Street, the Uplands, Miss Pauline Havard read one of her recently-published poems, "I Know a Garden," and Donald Fraser read one of his which had been accepted by The Canadian Poetry Magazine for publication, "Ode in Triplets."

The following letter was received by the Minister of Finance. Permission to publish it has been granted providing the writer's name be withheld.

"My son has gone to war..."

Toronto, Canada,
September 13, 1940.

Honourable J. L. Ilesley,
Minister of Finance,
Ottawa.

Dear Sir:

My son has gone to war. In that he is no different from thousands of other young men; but naturally, his mother and I are proud of him. Before he enlisted we talked it over . . . for he was at the threshold of his career—a junior partner in this business—with "all the flame of his bright youth unspent."

"God knows, 'Dad," he said, "I hate war . . . I have read and heard of what the last war meant to you and to others. But there's a job to be done and my job is to help to do it."

"How about trying for a commission?" I asked. "You have the qualifications."

"No," he answered, "I'm not going to wait for a commission. If I earn it, all right, but I'm enlisting as a Private." Which he did. He is now a Sergeant.

If such men as these are not worth backing to the limit, when it comes to investing in Canada's Second War Loan, there's something tragically wrong with the Spirit of Canada. At any rate, my last dollar, and all that I can borrow from my bankers has been invested in Second War Loan Bonds.

I was in Germany and Italy last year. I know both countries well. I've seen what it means to men to be deprived of freedom . . . sometimes I wonder whether we in Canada prize freedom as we should.

Yours very truly,

A. Signature

LOCATE ONE BODY OF FOUR DROWNED

Provincial Police Recover Woman Member of Party That Perished in Interior Lake

BURNS LAKE, B.C., Sept. 17 (CP)—The body of Mrs. Augusta Crerar, of Prince Rupert, one of four persons drowned Sunday when a small outboard motorboat capsized on Tchemuk Lake, eight miles south of here, was recovered late yesterday afternoon by Provincial Police.

Dragging operations for the bodies of the other three victims, Donald Crerar, husband of Mrs. Crerar; O. Paimbo, roadmaster for the C.N.R. at Burns Lake, and Alex Erickson, Burns Lake milk farmer, continued today under direction of Corporal F. B. Boyd and Constable J. S. Clarke of the British Columbia Police.

The body of Mrs. Crerar was found close to shore, about a mile from the point where the boat capsized.

The four were drowned when the boat turned over as one of its six occupants made a sudden movement to quiet an excited Labrador dog aboard. Two of the occupants, on a fishing trip in the remote lake, T. J. Everett, C.N.R. section foreman at Tintagel, B.C., and L. McLennan, of Burns Lake, were rescued after clinging to the overturned boat for more than an hour.

BOMB HANDLERS GET MEDALS FOR BRAVERY

LONDON, Sept. 17 (CP)—Medals of the Order of the British Empire for gallantry (military division) have been awarded to four men for bravery in disposing of bombs. The London Gazette announced today.

The men, all members of the Royal Engineers, are Lieut. Edward Reynolds, Ellis Talbot and Wallace Andrews, and Sgt. William Button. Reynolds extracted the fuses of two delayed-action bombs, Talbot carried a bomb 200 yards by himself, Andrews exploded one, and Button was in charge of a section which excavated a bomb, which exploded killing five men.

ONE DIES IN PLANE CRASH

Continued from Page 1

Flying club officials said they could offer no reason for the crash, because the weather was "perfect" for flying when the two took off late in the afternoon.

The airman went west from Winnipeg in the flying club's Tiger Moth plane after taking off. It was not known whether mechanical trouble caused the crash, but witnesses said the machine suddenly went into a tailspin about 2,000 feet in the air south of Balmoral.

UNABLE TO CHECK PLUNGE

Murphy was at the controls of the tiny aircraft as it spun crazily to earth. He was seen to make frantic efforts to right the plane, but failed to check even a little the downward plunge of the doomed machine.

Wings of the Moth plane were twisted and almost torn off when it smashed to the ground. The plane's nose was all but buried in the furrowed field.

Murphy was dead when taken from the twisted wreckage by rescuers who rushed to the scene. A call was put in for an ambulance, which rushed King to Winnipeg's General Hospital, where medical officials said his condition was "fairly good."

American Newsmen See Little Chance For Hitler Victory

Both Agree Nazis Will Make Attempt to Invade Great Britain—One Positive It Will Not Succeed and Other Not Predicting

LONDON, Sept. 17 (CP)—Hitler will try an invasion of Great Britain, in the opinion of two American newspapermen, Mollie Browne, editorial manager of The Christian Science Monitor, and Raymond Daniell, chief London correspondent of The New York Times, who discussed the war situation in a broadcast to North America tonight.

Mr. Browne was convinced the attempt would be made "fairly soon" and that it would not succeed. Mr. Daniell was less positive. He agreed Hitler was likely to try it, but was "making no predictions" about the result.

As the two men, president and vice-president of the Association of American Correspondents in London, debated the chances of victory for either side, they found themselves "swapping sides," although, generally speaking, Mr. Daniell took a more pessimistic view. His hope, he said, was that the American people would not try to someone else stopping the Nazis as the British have done in the past, but that they would make their own preparations.

He questioned if the nerves of any people could stand up to the present bombings night after night.

NAZIS GETTING IT
"These British can take a lot of bombing," said Mr. Browne. "They certainly have shown in the last few days that they can take it, and don't forget that the Germans are getting it, too. And getting it where it hurts."

British determination to resist, he thought, was not so much due to their having learned to hate as to "a redoubtable, a rekindling of a really burning feeling for democracy."

He thought Hitler would have to produce something soon because the German dictator was committed to end the war this year. To do that he would have to conquer Britain, which he could only accomplish by invasion.

While Mr. Daniell agreed a quick German victory could only come from invasion, he thought it possible the Germans might keep on

peering Great Britain with bombs for some time and might have greater reserves of planes and gasoline than the British thought.

THE BRITISH NAVY
Mr. Browne suggested his colleague was over-estimating the power of the German air force and under-estimating the Royal Air Force, which was much stronger. He could not see the British navy and air force permitting the Germans to establish a bridgehead and move men, supplies and tanks across for two or three days, he feared the situation would be desperate.

Both men thought the fighting qualities of the British—soldiers would be more suited to the kind of war which would be fought in such circumstances than the qualities of the German soldiers. The latter functioned best when he worked according to a plan. The former were better at improvisation under difficult and perplexing conditions.

MODERN EQUIPMENT
Moreover, they thought British equipment was sure to be new and up to date, because the British were so slow in getting their supplies. With stormy weather coming, Mr. Browne thought German soldiers would land in bad shape for fighting unless one of Hitler's secret weapons was "a new cure for seasickness."

On the other hand, Mr. Daniell suggested bad weather was likely to aid both ways. While it would make

Funeral Rites Will Be Held Today

THE LATE W. J. RENNIE

HOMES FOR HOMELESS

LONDON, Sept. 17 (CP)—Homes in London's fashionable West End are being commandeered for families left homeless in severely bombed areas, billeting officers announced today. One officer said accommodations for "many hundreds" of homeless already had been found.

NEW DIVISION POSTS FILLED

Defence Department Announces Officers Named And Confirmed

OTTAWA, Dec. 17 (CP)—Appointment of Lieut.-Col. J. W. Ellinthorpe, of Winnipeg, to command Third Division Signals was announced by the Department of National Defence last night. Also announced was a long list of officers appointed to units of the Third and Fourth Divisions or confirmed in posts held in the same units prior to their mobilization.

As second in command of Third Division Signals, Lieut.-Col. F. R. Conrad, of Halifax, was named. He will revert to the rank of major, and Major R. J. Burgess, of Kingston, a permanent force signals officer, will also serve with the unit.

The officers will lead the signal units of the Third Division, which has been assigned to the Atlantic Military Command under Major-General W. H. P. Elkins, and will shortly move to the Maritime Provinces for further training and defence duties.

OTHER APPOINTMENTS

Other Third Division appointments announced in the Four Division announced included the following:

Lieut.-Col. J. R. Kingham, Victoria, to command the 1st Battalion Canadian Scottish Regiment; Lieut.-Col. R. G. L. Parker, Victoria, as major and second in command of the 3rd Battalion Canadian Scottish Regiment; Lieut.-Col. J. A. Leger, Newcastle, N.B., to command the North Shore (New Brunswick) Regiment; Capt. K. E. Morris, Halifax, as major in command of the Third Division Army Service Company; Acting Major E. F. Ross, Halifax, as major with the 22-21 Field Ambulance and acting lieutenant-colonel while in command of that unit.

Appointments and confirmations announced in the Fourth Division included the following: Major J. H. Caruso, M.C., Winnipeg, as lieutenant-colonel in command of the South Alberta Regiment; Col. E. A. Pitman, Edmonton, as major and second in command of the same unit.

CASUALTIES HEAVY IN LONGEST RAID

Continued from Page 1

The Metropolis time and time again through their eleventh successive all-night raid.

The Nazis, in waves 200 or more strong, were beaten off early in the evening over the Kentish coast by Royal Air Force fighter pilots in winds which the Air Ministry News Service said reached 100 miles an hour. At least twelve of the Germans were shot down and three Royal Air Force planes were lost. The Air Ministry announced.

In dealing with the Germans returned later to maintain their "death patrol" over London's rooftops until full dawn.

Bombs blasted many different areas around the Metropolis in addition to Central London.

BIG STORES DAMAGED
The warplanes struck for a second consecutive night at London's fashionable West End section, causing casualties and damage. Two big stores were damaged, and a crater formed in a roadway not far from a large hotel. Casualties were reported at one of the stores, where several hundred people were crowded into a shelter at the rear.

Four bombs fell on one district in the West End which had been damaged previously, but only one exploded immediately. High explosive bombs and incendiary bombs fell in Central London, and a number of small fires started were extinguished quickly.

Other sections of England also felt the sting of the sky raiders. Two large high explosive bombs crashed into a southeast village street, demolishing houses and damaging a school. A number of injured were extricated from the wreckage, but it was feared there was some loss of life.

Several persons, including a child, were killed in northwest coastal towns when houses received a direct hit and were wrecked.

IN CLUSTERS
A number of fires from "Molotov breadbaskets"—clusters of incendiaries—were quickly attacked and subdued by firemen and householders.

In an effort to surprise the thundering anti-aircraft, the Germans stole in low, with motors idle, dropping their bombs, and then climbed with roaring motors.

Lighter craft, as being used for this mode of attack.

Meanwhile, the Air Ministry gave some details of the spectacular, wind-blown engagement of early Tuesday night.

Premier Speaks In By-Election At Ocean Falls

DESPITE cloudy weather, with some rain, Premier Pattullo continued by air from Powell River to Ocean Falls yesterday, speaking at the latter point at night in the McKeenby election campaign. Accompanied by his private secretary, Ben Hethy, he will fly on to Prince Rupert today. Hon. W. J. Assestine will leave here tomorrow for Powell River to join in the campaign. Attorney-General Wismer will go north today.

estuary, the Air Ministry said, battles were fought in the 100-mile wind-swept which kept the English Channel leaping wildly, protecting this Kingdom from any immediate Nazi attempt at invasion.

Although the British defenders were handicapped by heavy clouds, they knocked down at least five German planes, and anti-aircraft gunners along the southeast coast shot down two more.

SCATTER AND FLEE
The Germans, who had been headed for London, promptly scattered and fled for safety, the Air Ministry said.

Early reports of casualties showed an undetermined number of Londoners killed in the Southwest. In a Southern area of the city a string of high explosives was dropped simultaneously.

Announcements disclosed that fashionable Mayfair, Chelsea and other sections of the West End had been damaged by German bombs in Monday night's raids. Hit were Bond, Regent and Oxford Streets. Piccadilly, Park Lane, Berkeley and Grosvenor Squares, and Saville Row, the tailors' street.

In that fashionable West End area of glass-littered streets, high winds whipped up storms of debris so severe that clean-up workers had to take shelter for a time.

The regular evening raid on London began with Nazis coming over waves almost immediately they began dropping bombs. Their explosions for a time almost drowned out the anti-aircraft barrage.

FURIOUS CRESCENDO
But then anti-aircraft shells exploded in a furious crescendo between scudding patches of clouds all over the horizon.

The anti-aircraft barrage continued interminably into the night. There were brief lulls; and in these the only sounds were the distant clanging of ambulance and fire brigade bells and the yelping of terrified dogs.

The Air and Home Security Ministries, discussing Tuesday's raids, described them as "on a small scale" until the afternoon. At Portsmouth a church and several houses were hit and a small number of persons injured.

At about 3:15 p.m., several large waves of enemy aircraft crossed the coast of Kent flying in the direction of London, and large forces were dispatched to intercept the enemy.

The bulletin added: "No major battle took place, but contact was made over Kent. The enemy promptly scattered and did not penetrate farther inland than Maidstone."

BATTLE OVER MAIDSTONE
At 25,000 feet over Maidstone twelve Spitfires routed a formation of Messerschmitts.

Although visibility did not permit the pilots to determine how many they destroyed, they said that when the battle was over one was swaying in a dive with smoke pouring from the fuselage, a second was flying very slowly at 1,000 feet, and a third was spinning out of control.

enemy after a day of harassing bombing action and in consequence of the strong westerly wind which swept the Channel through the night.

"It blew with gale force in exposed places where the German surface craft had been last sighted. Most of the Channel was very rough and as was expected the enemy ships and small craft had scattered and scurried to seek shelter. Their positions were quickly located by the coastal command."

MONDAY'S RAIDS
The news service statement on Monday's raids follows:

"Daylight raids on Calais-Ostend, Dunkerque and Veere were carried out on Monday afternoon by medium bombers of the Royal Air Force."

"At Veere on the Dutch island of Walcheren a concentration of barges in a canal lock was bombed from a low level. Harbor installations and shipping in Dunkerque and Ostend were attacked under cover of low clouds, and at Calais a salvo of bombs was seen to burst on the quayside of the outer harbor."

"A convoy of twelve barges and three escort vessels was intercepted and bombed off Zeebrugge and an attack was also made on three self-propelled barges patrolling off Ostend Harbor, which have to and opened fire on sighting our aircraft."

"German barge concentrations outside as well as inside the 'invasion' ports were harassed."

EARTHQUAKE IN LOS ANGELES
LOS ANGELES, Sept. 17 (AP)—A slight earthquake was felt tonight in Redondo, Hermosa and Manhattan Beach areas. The shock caused windows to rattle and chandeliers to sway, but there was no damage.

LOG SCALE INCREASED

British Columbia Maintained And Increased Lumber Output This Year

British Columbia lumber production increased in the first eight months of this year, the official saw log scale reaching 2,246,914,120 board feet at the end of August, an increase of 84,000,000 board feet of the period. Noticeable upturn in Canadian housing construction and an active overseas market in Britain were leading features reported by the Provincial Forest Service yesterday.

The saw log scale at 2,246,914,120 board feet at the end of August compared with 2,104,023,923 board feet handled in the first eight months of the year previous, while forest revenues to the province showed a consistently steady gain this year over last. The log scale was exclusive of poles, ties and cordwood, remaining to be added when tallies are completed.

HALE IN FIR
The main proportion of the cut included 1,105,000,000 board feet of fir, 467,000,000 board feet of Western hemlock, 368,000,000 board feet of cedar and 130,000,000 board feet of spruce, with the balance in smaller lots distributed among other species.

Waterborne exports were continued at a steady rate, with Great Britain taking the bulk of all lumber shipments from British Columbia during the first eight months of the year.

Housing contracts in Canada made a marked impression on domestic sales of lumber, being one of the encouraging features of new business during the year. As against that, British Columbia suffered some attrition of ocean trade outside of Empire destinations, provincial officials said.

AUTHORS MEET AFTER HOLIDAY

Miss Eugenie Perry and Miss Dorothy Crighton Address Local Group

An announcement of special interest at the first of the post-holiday season meetings of the Victoria branch of the Canadian Authors' Association, held Monday night at the home of the president, Mrs. Myrtle Lane, 2866 Dewdney Street, The Uplands, was that Victoria hoped to share with Vancouver the honor of entertaining the 1941 annual convention of the parent society. At the request of the central executive of that body, a formal invitation had been forwarded from here recently, Mrs. Lane reported.

The highlights of the meeting were the animated description by Miss Eugenie Perry of her experiences last July in Salt Lake City. Miss Perry told something about the principal Mormon buildings, including the Tabernacle, Temple and the State Capitol, and some of the better-known authors, dramatists and actors, whom the city had produced. Among the last she specifically mentioned the famous Maude Adams, a native of Salt Lake City, of Mormon ancestry. Many souvenirs of this distinguished actress had been assembled in a special exhibit in the State Capitol.

IMPORTANT PLACE
In her talk Miss Crighton indicated the important place which Canada occupied at the present time in the United States. Anything going on in Canada today was front-page news on the other side of the border, and authors, as well as others engaged in creative work of any kind, should realize the importance of the role they had to play as interpreters of Canada to their neighbors across the line.

Mrs. Jean Mutter and Mrs. Lane had been invited to submit plays to the University of British Columbia's Laboratory Theatre for Summer production. Mr. Kerr, it was announced, had won several prizes in the art section of last week's fair at the Willows. Mrs. Berton, president of the local group, had won magazine section distinction in the September Edition of The Vancouver Sunday Sun with an illustrated article on Robert Service.

It was announced that Miss Ann Marriott, who had represented the local club at the annual meeting of the Canadian Authors' Association, held at Belleville recently, would address the next meeting of the Victoria authors, and give an account of the proceedings.

Refreshments were served. Mrs. Doris Ferne and Miss Eugenie Perry presiding at the prettily-arranged supper table.

THOUSANDS INTERNED
LONDON, Sept. 17 (CP)—Approximately 17,700 persons still are interned in Britain, although 2316 persons have been released from internment, Osbert Peake, under-secretary for home affairs, told the House of Commons today. He said information has been furnished the Canadian and Australian Governments to enable them to distinguish between dangerous enemy aliens and refugees from Nazi oppression.

Security Prices Add to Gains at New York Mart

NEW YORK, Sept. 17 (AP)—For the third session in a row leading stocks tilted forward in today's market.

Gains of fractions to more than a point were posted for steel, motors, aircraft, rails, coppers and an assortment of industrial specialties in dealings that, while far from speedy, were well ahead of yesterday.

Profit selling shaded prices here and there in the final hour, but most favorites closed at or near the day's best levels.

The Associated Press average of sixty stocks was up 3 of a point at 43.8—Transfers totaled 399,000 shares compared with 292,810 the day before.

On the side of bullish thinking were forecasts that oil operations would soon hit 94 per cent of capacity; word that motor car deliveries had shot up briskly in the first ten days of September; and glowing estimates of forthcoming business for aircraft makers, railways and department stores.

Prominent share gainers included U.S. Steel, Bethlehem, Chrysler, General Motors, Douglas Aircraft, Glenn Martin, Great Northern, New York Central, Kennecott, Phelps Dodge, Westinghouse, General Electric, Du Pont, Allied Chemical, Standard Oil of New Jersey, Johns-Manville, Montgomery Ward and International Harvester.

The bond market extended its recent creeping advance by fractions to around a point. Total transfers of \$5,523,000, par value, were the best in more than a week.

IDEA OF PURE RACE HARMFUL

Dr. H. T. Coleman Discusses
National Concepts in
Scholarly Address

The sentiments and concepts that motivate and mold national life in general were discussed in a scholarly and inspiring address given yesterday by Dr. H. T. Coleman, formerly Dean of Arts at the University of British Columbia, to members of the Kwanza Club, at a luncheon meeting in the Empress Hotel.

Speaking on "Ideas in National Life," Dr. Coleman dwelt on the fallacious concept of a superior race, which he pointed out was in vogue today and which had done incalculable harm to mankind.

Conceding that man's self is colored by heredity and that "we are all haunted by the ghost of our ancestors," he declared this idea had been wrongly used in the concept of rigid divisions among mankind.

"Anthropology has taught us that there is no such thing as a pure race—we are all mongrels and we should be proud of it," Dr. Coleman said.

HONORARY NORDICS
He said that this racial theory, which, singularly enough, had originated with a French scientist and was borrowed by various German scholars, assumes that there are separate and distinct races distinguishable by physical features.

The ideal man of the Germans, he said, was the tall, long-headed, blue-eyed, almost lantern-jawed individual—the Nordic type—adding ironically, that Hitler, Goering and the rest of their gang—this is the only respectable word one can use about them—are only honorary Nordics, as they don't meet the physical requirements.

Dr. Coleman pointed out that "our ancestry is inconceivably mangled, so that physical characteristics vary tremendously with climatic, economic and geographical conditions."

WRONGFUL CONCEPT
He also discussed the wrongful concept that the state is everything and the individual nothing; negligent of the fact that the state is nothing except as it exists in certain attitudes and behaviour on our part; the concept of Empire, contrasting the difference between the Roman Empire, which held its colonies in thrall, and the British conception of responsibility for backward peoples and the sentiment of nationality.

"We cannot have natural life without a feeling of our country's geography, its historic past enshrined in visual language, its tradition, and the future for which we pray and hope for confidently," Dr. Coleman declared.

A cornet solo, "There'll Always Be an England," was given by James Mossop, Darrell W. Spence presided.

IMPERIAL COMRADES
The monthly general meeting of the British Imperial Comrades' Association will be held at 717 Courtenay Street this evening at 8 o'clock.

The Dominion secretary, William Willis, will be present and important business, including the secretary's report, will be discussed.

HOLLAND'S FREEDOM DAY
LONDON, Sept. 17 (CP)—Queen Wilhelmina of The Netherlands held a private ceremony today to commemorate "Prijzgedag"—Holland's day of freedom. On the third Tuesday of each September before the Germans seized her country, the Queen drove in a state coach to the Ridderzaal at The Hague to open a new session of Parliament.

TRAFFIC CASES—A motorist charged with dangerous driving at Douglas and Bay Streets on September 10 was remanded yesterday in the city police court until September 24. Another man was remanded until this morning on a charge of failing to possess a driver's licence.

WANTS SPEEDERS CURBED—On the motion of Councillor J. P. A. Christensen at last night's Equilmalt Council meeting, it was agreed to request the police commission to take action against the action of speeding motorists on Equilmalt Road. The council felt the practice was exceedingly dangerous and required serious attention.

MEET ANIMAL OUTBREAK—Government veterinary surgeons have been sent to Rock Creek to cope with reported cases of sleeping sickness among horses. It was said yesterday by Dr. W. R. Gunn, of the provincial livestock branch, that other cases have been reported from Kamloops, Ashcroft and Creston, with vaccination of the animals ordered.

MAY HELP COAL—Federal restrictions on the importation of foreign fuel oil may help British Columbia, said Minister Dr. W. A. Carrothers yesterday. As chairman of the Provincial Fuel Control Board, Dr. Carrothers expressed approval of what is being done, and said few if any hardships would be caused by the Dominion regulation.

NINE FINED—Four motorists were each fined \$25 in the city police court yesterday for parking over the hour limit. One paid a similar fine for parking over two hours. One was fined \$5 for failing to possess a driver's licence. Another paid a fine of \$10 for passing a standing street car about to take on passengers. Two were each fined \$10 for exceeding the speed limit.

COMPLAIN OF DEBRIS—The Equilmalt Women's Institute wrote to the municipal council last night complaining about Chinese peddlers throwing rotten vegetable and fruit on the streets of the district, and also about other refuse littering certain streets. The communication was received and filed, and the peddlers will be warned against the practice.

APARTMENTS WANTED—Owing to the large number of inquiries for apartments, flats and rooms from prospective visitors to this city, the Victoria and Island Publicity Bureau requests that persons having such accommodations to provide them with particulars. No charge is being made by the bureau for this service. It was pointed out that many of those writing are from Ontario

self well known and free from financial cares.
The child born on September 18 is often not apparently very muscular or robust, but children born on this date have frequently an unusual amount of energy in reserve and the physical structure to make good use of it.

If a man and September 18 is your natal day, your habits will influence your life to an unusual degree, and you have it within your power to regulate them according to your desire. Cast aside your recognized weaknesses through exercising the will power with which Nature has endowed you. You might display a remarkable aptitude for finance, promoting, politics, aviation, some line of marine activity, military work, manufacturing, inventing, selling, lecturing, journalism or business of a highly specialized nature.

Car Charge—Lawrence Elvea, represented by Sincin Elliott, pleaded guilty in the city police court yesterday to a charge of stealing a car from John H. Hutton on September 15. Character evidence was given by James Adam and Major R. D. Travis. The accused was remanded until this morning.

Victoria Boys' Band—As a result of a successful week's engagement at the Fall Fair last week, C. H. Rowles, conductor of the Victoria Boys' Band, has had numerous requests from parents of boys wishing to join the band. Mr. Rowles stated that any boys round the age of eleven years wishing to join the organization can report to Band Corporal John Symonds, at 2701 Asquith Street, on Saturday afternoon at 2:15 o'clock, who will furnish them with information. Mr. Rowles will also receive applicants twelve years and over with knowledge of an instrument, by phoning Band Sergeant Kenneth King, G3797.

What Today Means
If September 18 is your birthday, the best hours for you on this date are from 10 a.m. until noon, from 2 to 4 p.m. and from 8 to 10 p.m. The danger periods are from 8 to 10 a.m., from 6 to 8 p.m. and from 10 p.m. until midnight.

If you must experiment on this date, do so at your own expense, but at no one else's. Through displaying affection you can make your own and many other people's day much happier. Short-sighted policies will disrupt the consistent good work of many a salesman, so office executives will do well to confer with their men "on the firing line" before adopting any radical measure that might handicap their sales. Straight talk "from the shoulder" may be the only way to get results in cases where there is a well-defined indication of dilatory tactics being pursued. Numb-pamby people will experience difficulties in getting things done within a reasonable time, for little attention is apt to be paid to the average request that comes in as a matter of course in the routine work of the day, especially in the servicing of public requirements. Married and engaged couples, as well as those whose love affair is progressing satisfactorily, will find that any evidence of impatience is likely to be resented in a manner that may be very trying on the temper and one's self-control.

If a woman and September 18 is your birthday, you may have a natural bent for housekeeping and a gift for managing domestic help. You probably love luxurious surroundings and may sooner or later find yourself in a position to enjoy them. Your natural impulse, if followed, may lead you to do things that will prove to be very advantageous in the advancing of your interests, so do not ignore them. Through your efforts in research work, news reporting, writing teaching, some line of historic endeavor, singing, selling, painting or catering to the general public needs, you are likely to find your-

BRITISH READY TO ATTACK ITALIANS

Continued from Page 1
Into Egypt, British authorities said, estimating the Italians have more than 260,000 available men.

Royal Air Force bombers aided tank units in the desert battle under 120-degree temperatures. Heavy sandstorms clouded the battle area.

The RAF thus far has at least a two-to-one advantage in aerial duels.

Where the British army intends to take its stand to halt the advance is a military secret. Apparent British strategy is to force the Italians to exhaust supplies and lengthen communication lines vulnerable to Royal naval units and sea aircraft operating off the coastal road.

RAIDS ON TRANSPORT
CAIRO, Egypt, Sept. 17 (AP)—The Royal Air Force issued the following bulletin late Tuesday night:

"A series of bombing raids were made last night on enemy motor transport concentrations east of Buqbuq. Many direct hits were observed, resulting in numerous fires and explosions."

"In air operations against Eritrea there was a successful attack on Asmara airbase, direct hits being scored on the hangars."

"A formation of enemy bombers approached Malta yesterday, but turned away without dropping any bombs, on the appearance of our fighters."

"From all operations yesterday our aircraft returned safely."

CAROLE LOMBARD
AT ATLAS TODAY

Has Starring Role in "Vigil in the Night"—Has Sympathetic Dramatic Role

"Vigil in the Night," which opens today at the Atlas Theatre, is a double triumph. It triumphs in the intensity with which Producer-Director George Stevens has presented its powerful drama. And again in the performance of Carole Lombard, which is beautiful, vital and vividly thrilling.

As seen in RKO-Radio's "Vigil in the Night," Miss Lombard has a dramatic role that plumbs the depths of her emotional powers, which are here revealed as magnificent. She plays with sympathy, understanding and inspiration the nurse whose desire to serve is no single-purpose and unwavering that it carries her fearlessly over all obstacles.

CADET A picture presenting THEATRE. Charles Laughton with Vivien Leigh. "Side-walks of London," which ends today at the Cadet Theatre, presents a vivid, dramatic story of London back-stage life. It recounts the romance of a man content to remain a pavement performer and of a girl burning with ambition to be a famous actress.

DOMINION Does a woman ever really know the man she loves? That's one of the intriguing questions posed in the "Vigil" drama played by Joan Bennett, Francis Lederer, Lloyd Nolan and Anna Sten in Twentieth Century-Fox's absorbing new film. "I Married a Nazi," which is now showing at the Dominion Theatre.

CAPITOL Never have two young THEATRE players been given trickier roles than Carole Landis and John Hubbard in Hal Roach's "Turnabout," which is being held over at the Capitol.

PLAZA Polly Ward, who appeared so successfully with George Formby in "Feather-Your-Neck," is again comedian in the new A.B.P.D. comedy, "It's in the Air," which is now showing at the Plaza Theatre.

RIO The story of "The Real THEATRE Glory," which ends today at the Rio Theatre, was transferred to the screen from a script written by Jo Swerling and dramatized the bold era of adventure, drama and turmoil which reigned in the Philippines following the end of the Spanish-American War.

Auxiliary to Collect Gifts For Scottish

The Women's Auxiliary to the Canadian Scottish Regiment is arranging a "Canadian Scottish Day" next Saturday, when it is planned that depots shall be established in the Hudson's Bay Co. and David Spencer Ltd. store. Here the auxiliary members will receive gifts for the men of Vancouver Island's own regiment, and these will be distributed before the regiment's departure from Victoria.

Suggested gifts include socks, handkerchiefs, razor blades, unbreakable shaving mirrors, cigarettes, life-savers, chocolate bars, chewing gum and tobacco, all of which in addition to cash donations will be gratefully received at the depots. Any persons unable to visit the depots on Saturday may telephone Mrs. Leslie Macdonell, Garden 4662, or Mrs. Cabeldu, Empire 6658, and arrangements will be made to have the donations collected.

The auxiliary is headed by Mrs. Macdonell and others include Mrs. D. O. Crofton, Mrs. F. Cabeldu, Mrs. John Rockingham, Mrs. R. Pendrill, Mrs. J. Maunsell and Mrs. John A. Stewart. This committee is working hard to insure the men of the regiment a hearty send-off and it is the auxiliary's hope that no man shall leave without a small farewell parcel as a souvenir of Vancouver Island.

Child Film Actor Is Here From South

HENRY BLAIR

SEVEN-year-old son of Mrs. Lewis Blair is a visitor from Hollywood. He has played in fourteen pictures since his debut a year and a half ago, and his latest is "Little Nelly Kelly," which stars Judy Garland, George Murphy, Charles Winniker and Douglas McPhail. Henry portrays the character played by Douglas McPhail as a child. In addition to his acting ability, Henry has a pleasing little voice, and is busy practicing "There'll Always Be An England," which, he says, he's going to sing when he gets back to Hollywood. He and his mother are staying with Mrs. Blair's sister, Mrs. G. M. Duncan, Cavendish Avenue.

Maple Leaf Club Under Air Attack

TORONTO, Sept. 17.—The Canadian Red Cross Society's Maple Leaf Club in London, haven of thousands of Canadian soldiers on leave, has been bombed, but there were no casualties. This information has been received in a cable received at Red Cross headquarters in Toronto.

Residents of the club and the staff moved to another Maple Leaf Club and immediately went to work serving thousands of cups of tea to shaken victims of the raids. The club was turned into a temporary hospital, with Pat Tuckett, Toronto nurse, taking charge. Miss Tuckett treated numerous casualties and refused to rest for a minute.

The executive of the Canadian Red Cross yesterday increased its efforts on behalf of people injured and left homeless by bombing raids on England. In reply to an appeal from the charity organization caring for these victims in England, it authorized the purchase of 10,000 pairs of rubber boots for children.

A cable from Col. George Nasmith, overseas commissioner, stated that, in company with a Scotland Yard inspector, he had toured the bombed areas of London. Thousands were temporarily without homes, food and shelter, he said, although the wounded were being given adequate care.

The Canadian Red Cross has already provided 40,000 blankets, 6,000 articles of clothing, hundreds of pajamas, sweaters and dressing gowns, 1,000 bed gowns, as well as two tons of canned food, he said. The clothing was made by the women of Canada and was stored in readiness in Canadian Red Cross warehouses in England.

Dr. Fred W. Routley, national commissioner, stated that the overseas advisory committee of the Canadian Red Cross had full authority to continue issuing supplies of food, clothing and blankets from its warehouses in England to air raid victims.

Metropolitan W.M.S.

The W.M.S. of Metropolitan United Church met Monday afternoon in the schoolroom, the president, Mrs. W. H. Muncy, in the chair. The reports of the different secretaries were read and accepted. Attention was called to the Presbyterian rally on September 27 in First United Church, when Mrs. Muldrew will be the speaker, and to the musical which the evening auxiliary is presenting at the home of Mrs. R. W. Mayhew, October 18. At the Empire tea which the W.M.S. is holding in the schoolroom on Wednesday afternoon, October 2, the various departments of the church will have tables appropriately decorated under the general convener-ship of Mrs. W. L. Smith and Mrs. R. J. Crozier Smith. Mrs. H. O. English and Mrs. A. Sullivan will convene the W.M.S. table, which will represent the Red Cross; the W.A. table will honor the army and will be convenered by Mrs. J. T. Williams; the Brown Guild will salute the navy under convener-ship of Mrs. H. Pendray, and the Sunday school and choir will unite in a tribute to the air force, with Mrs. R. Harris and Mrs. W. Murgatroyd convenering. The program at this meeting was under the leadership of Mrs. J. T. Taylor. Mrs. Redman spoke on Christian stewardship, and Mrs. Twamley was responsible for the devotional period. Rev. Thomas Sawyer played two flute solos, accompanied on the piano by Miss G. Baker. The guest speaker was Rev. John Turner, minister in charge at Centennial United Church, who gave an interesting account of his work at St. Columba House, Point St. Charles, Montreal, where he was superintendent for eight years. Mrs. W. H. Whitley moved a vote of thanks to the speaker and artist. Rev. J. W. Churchill dismissed the meeting.

Saint Michael and All Angels' W.A. held its opening fall meeting in the parish hall, Chelmsford, recently. Mrs. W. Porter presiding. Mrs. E. P. Stubbs kindly consented to take charge of the distribution of church calendars. The members were told that Rev. Canon King, Vancouver, had consented to assist with the harvest home services on September 29. Mesdames J. H. Inglis and Mrs. Work consented to act as visiting committee, and Mrs. C. Lauchbach will look after altar flowers for October 6, the guild doing so prior to that date. At the November sale of work, Mrs. A. D. Alken will manage a mystery stall. The making of refugee clothing was discussed and the meeting decided that on next meeting day, October 10 they will make a refugee quilt from scraps of woolen goods for the lining and cotton squares for the outer covering. Visitors and members are asked to bring materials for this purpose. Mrs. M. Taylor in charge. Refreshments were served by Mesdames F. Work and J. H. Johnson.

First United W.M.S.

The quarterly meeting of the First United Church W.M.S. was held on Monday, Mrs. R. W. Mayhew, the president, in the chair. Mrs. E. Macdonnell gave the special W.M.S. prayer. Quarterly reports were read by Miss J. Rattray, and Mrs. M. L. McLennan, reporting

Women Hear of Coast Hospitals

"Mission Hospitals" was the subject of the talk given by Mrs. J. H. Fletcher at the meeting of the Anne Wilson W.M.S. Auxiliary at the home of Mrs. Hugh McLeod, on Monday afternoon. Pointing out the existence of sixty-five hospitals which receive support from the United Church, the speaker emphasized the need for continued effort in this field along with the ever-present war work.

The final chapter of the study book was reviewed by Mrs. John Stevenson, who indicated briefly the future task of the Christian church in India as it is viewed by Dr. Stanley Jones.

At the business session, which preceded these talks, a report of the recent executive meeting was given by the president, Mrs. K. O. Wright, who announced the beginning of the new study book, "Comrades in the World Church," at the October meeting, an address by Rev. Hugh McLeod in November, and a luncheon and election of officers early in December. Mrs. R. H. McDougall, the supply secretary, reported that a layette and hospital supplies with a value of \$24.50 had been sent to headquarters. It was decided to complete another layette by the end of January and to make a donation to help purchase a sewing machine for a crippled girl. Member Rehearses Canada's Effort to Meet War Situation

R. W. Mayhew, M.P., Addresses Meeting of the Women's Canadian Club at Empress Hotel—Club Honors Memory of Former President

AN encouraging picture of the speeding-up which had taken place within recent months in "Canada's war effort" was qualified by R. W. Mayhew, M.P. for Victoria, yesterday, in his address to the Women's Canadian Club at the Empress Hotel, by the disappointment he expressed that Canada had not responded more generously and more spontaneously to the new Dominion war loan.

"We should have subscribed the entire loan within twenty-four hours," he asserted. Canadians, he hoped, would not take the attitude that this was "George's loan." On the contrary, it was up to each person to do his share. In this connection, he maintained that the taxpayers in the higher brackets in Canada paid more heavily than in England, if one took into consideration what was exacted of them by the two Governments, Provincial and Federal.

Mr. Mayhew's survey of Canada's war effort was a repetition, in many respects, of information which he gave to the Men's Canadian Club a few weeks ago on his return from the sessions of parliament in Ottawa. He summarized first, Victoria's contribution, noting that during the first year of war this city had contributed approximately \$300,000 to various efforts, such as the Red Cross, the Knights of Columbus, the Salvation Army, the returned soldiers' organizations, and the recent air supremacy drive. The percentage enlistment in the land, sea and air forces had also been gratifying. In this connection, he referred to the sacrifice of Victoria men in H.M.C.S. Fraser, and to the part played by a Victoria man recently decorated for gallantry in action. All these things were a source of pride.

A CONTRAST

The growing friendship between the English-speaking countries, the free democracies, was touched on via a reference to two new historic conferences which had taken place within recent months in railway coaches, one between Hitler and Mussolini, where the theme, it could be assumed, was the bringing under subjection of every other country and the destruction of anything and everything that might stand in the way of totalitarian rule, the other, between President Roosevelt and Mr. Mackenzie King and President Churchill, which had quite the reverse in mind, the discussions prefacing practical action for the cementing of friendship between the English-speaking peoples, more recently testified in the attitude of the United States in opening her doors to refugee and evacuee children from Britain.

Briefly, Mr. Mayhew rehearsed the first eight months of the war, as far as Canada was concerned. At the end of April this year the people of Canada hardly realized that the country was at war—But events in Europe about that time almost overnight demanded a terrific speeding up along all lines of war effort because of the failure of the Maginot Line, the Nazi conquest of neutral Denmark, Norway, Holland and Belgium; the entry of Italy into the war, and the capitulation of France. Britain no longer being able to supply Canada with guns and airplanes because of the terrific burden she herself had to carry, and the United States at last roused to a sense of her own need of armaments, Canada was thrown, for the first time, on her own resources.

Favors More Information For Evacuees

Although children coming to this country from the British Isles would probably adapt themselves readily to the new conditions here, more could be done, before they landed in Canada, to inform them about what to expect in the way of schools, sports, the size of the country, and many other aspects of the new life on this side of the Atlantic.

Dr. Hudson's was an interesting and vivid picture of England at war. But by special request she dealt more particularly with the effect of war on children, and in this connection expressed the view that the noise and general disturbance from screaming bombs was definitely harmful. Adults actively engaged in defensive work were not likely to suffer the same nerve strain as very young children.

Blackout conditions, the noise of sirens, the disturbance of moving in and out of the air raid shelters, and the organization of school work, and other things, all combined to make evacuation of children desirable from the more harassed areas. England greatly appreciated the hospitality offered by Canada and other overseas Dominions.

British evacuees were suited, she thought, for permanent settlement in British Columbia owing to the similarity of climate and the similarity of racial background. Judging by the hundreds of "C.O.R.E.'s" who traveled across on the same ship from the Old Land, these children were a sturdy, healthy type of young people who would eventually make good settlers.

Mrs. Marjorie Holmes, the president, introduced the speaker, and Mrs. Alma Russell expressed the club's thanks to Dr. Hudson.

The usual five hundred card game will be held by Esquimalt W.I. in the Parish Hall tomorrow—at 8:15 p.m. There will be prizes and refreshments.

CRAIGFLOWER

The monthly meeting of the Craigflower Institute was held at the home of Mrs. B. Clair on Friday. Mrs. Rines, president, in the chair. A report was given by Mrs. W. P. Lankin, the official delegate to the sixth biennial conference held recently in Vancouver. Mrs. C. W. Newbury was appointed convener of the refreshment committee in place of Mrs. A. Albany, who resigned. Mrs. B. Clair and Mrs. R. Hudson were appointed delegates to the South-Vancouver Island District conference to be held next month. Arrangements were made to hold a card party on October 4, and tentative arrangements were made to hold a bazaar during the latter part of November. Mrs. Rines reported on the refugee sewing being done by the members and their friends, who meet every Thursday at the home of Mrs. Rankin. Mrs. Corlie told of the picnic, which was held in August, being a great success and much enjoyed by the institute members and their families. A

pleasing little incident was the presentation of a table lamp from the institute to a recent bride, Mrs. Oliver Bligh. A letter was received from the Colwood Institute inviting the Craigflower members to visit the Colwood Institute today. The meeting concluded with a social hour, the hostesses being Mesdames Langley, Hudson, MacLeod and Jenkins.

Garden Society To Continue With Usual Meetings

At the regular meeting of the Vancouver Island Rock and Alpine Garden Society at the Oak Bay Garden Society on Monday night, the members decided that the club would continue meeting during the duration of the war, in spite of suggestions to the contrary.

Miss Lucy Angus was selected to act as president of the society, in the absence of A. B. Morkill, who has joined the forces.

Programme of the meeting consisted of the showing of colored slides of Vancouver Island by H. U. Knight, who supplied a running commentary as the pictures were flashed on the screen.

The next meeting of the society will take place on the customary third Monday of next month.

Weddings

WATSON—THOMSON

The marriage took place quietly in Winnipeg at 10:30 o'clock yesterday morning in Trinity Baptist Church parsonage. Rev. Norman Todd officiating, between Kathleen Miriam, only daughter of Rev. D. M. and Mrs. Thomson, 1608 Yale Street, Oak Bay, and Mr. Sydney Watson, only son of Mr. and Mrs. Frank Watson, Winnipeg. The bride's father, Mr. D. M. Thomson, of the Dominion Observatory, Ottawa, and Miss Genevieve Matheson, Winnipeg, followed their honeymoon. Mr. and Mrs. Watson will make their home in Port Garry. It is interesting to note that yesterday was the thirty-third anniversary of the wedding of the bride's parents.

Will Marry in September

MISS ELLEN MAY BELL

The marriage will take place on September 24 of Miss Ellen May Bell, youngest daughter of Mrs. Mary Bell, 143 Wellington Avenue, and Acting Yeoman Patrick (Paddy) Palmer, of H.M.C.S. Restigouche, son of Mrs. Lillian Palmer, Prince Rupert, and the late Mr. P. Palmer.

Shower of Gifts

In honor of Miss Gertrude Boorman, who is leaving tomorrow to enter the Jubilee Hospital Training School for Nurses, a surprise shower was held on Monday evening at the home of Miss Beryl Whitehead, West Saanich Road, when Miss Eva Phillips assisted as joint hostess. The gifts were presented in a cleverly made ambulance attended by a doll dressed as a student nurse.

The room was decorated with white asters, roses and Michaelmas daisies, and the guest of honor presented with a corsage bouquet of red roses and white Michaelmas daisies. Games and contests were enjoyed, the winners being Mrs. W. Allan and Mrs. C. A. Booth. Refreshments were served by the hostesses, assisted by Mrs. C. Whitehead and Miss Winnifred Whitehead. The guests included Mesdames E. Boorman, W. Allan, C. Mount (Ganges), W. J. Hoy, D. Phillips, G. Jones, A. C. Booth, M. R. Brome, R. W. Hamblett, A. E. Campbell, E. Burkholder, W. Allison, W. Pretty "Gift" Presented

Miss Elsie Jenkins entertained on Monday evening at the home of her sister, Mrs. Owen P. Fox, 1039 Suttie Street, at a delightful party given in honor of Miss Anne Proctor, a much-feted bride-to-be. The reception rooms were prettily decorated with blooms in Autumn tones. Upon her arrival Miss Proctor was given a corsage bouquet of pale pink carnations and ferns, and in the evening a Bewick pottery flower bowl was presented to her with the good wishes of her assembled friends. A buffet supper was served late in the evening. The table, covered with a lace cloth, was centered with a glass bowl filled with mauve and white asters, and lighted by ivory tapers. The guests were Mesdames A. B. Alexander, Bob Proctor, B. Pearson, and Misses Gladys Porter, Helen Proctor, Iona Porter, Davina Ritchie and Jean Porter.

Canadian Club Tea

Mrs. Duncan MacBride and Mrs. Alma Wilson presided at the table during the tea hour following the meeting of the Women's Canadian Club at the Empress Hotel yesterday. Special guests were Mr. R. W. Mayhew, M.P., who was the speaker; Mrs. Mayhew, Mrs. Peter McNaughton, Mrs. J. A. Bullenick and Miss Dorcas Briggs. Others present were Mesdames James Adam, T. A. John, F. G. Aldous, W. C. Fyfe, J. H. Fletcher, T. A. Johnston, Kenneth Drury, F. M. Bryant, Howard Taylor, Alan Campbell, P. B. Scurrah, Frank Patterson, R. D. McCaw, G. W. Shann, G. J. Alexander, G. Dean, Henry Howard, L. K. Surprise Party

In honor of Mr. Ernest F. Le Queune, who has been an active member of the Langford Lawn Tennis Club for several years and who has his commission in the Canadian forces, a surprise party was held at the home of Mr. and Mrs. A. M. Perrins, Victoria, on Saturday evening. On behalf of the members, the honorary president, Mr. J. Stuart Yates, presented Mr. Le Queune with a suitable gift. Games were played and music enjoyed. The following members of the club were present: Mr. and Mrs. J. Stuart Yates, Mr. and Mrs. A. F. Bayles, Dr. and Mrs. W. Simpson, Mr. and Mrs. A. M. Perrins, Mr. and Mrs. E. F. Le Queune, Mrs. H. A. Hincks, Mrs. D. Phipps, Misses D. Parry, J. Seabrooke, J. Carey, P. Perrins, Messrs S. Turner, D. Perrins, C. Hincks, N. Welch, J. Haggie, D. McLean and J. Smith.

Birthday Party

A birthday party was held on Saturday, when Mrs. A. E. Palmer entertained at her home on Braeford Road in honor of Mrs. L. T. Lea, who was eighty-three years old on that day. The birthday cake held the place of honor on the prettily arranged tea table, and the hostess was assisted by Misses Kathleen Crandall, Dorothy and Vera Palmer. During the afternoon many neighbors and friends called to offer their good wishes to Mrs. Lea among these being Mesdames J. Stafford, E. Harvey, A. Jarrat, C. P. Ennela, A. Paul, R. Leacock, H. Harvey, F. Yeats, E. F. Rix, H. Winfield, M. L. Brown, T. G. Unicomb, S. Brooker, P. R. Thomson, J. Don, H. Lewis, R. Nippon, A. H. Macpherson, W. J. Woodford and A. Johns.

Christening Ceremony

On Sunday afternoon at St. John's Church, the baby son of Private W. R. Jones, R.C.A.S.C., and Mrs. Jones, 1030 Empress Avenue, was baptized by Rev. George Riddle, the baby receiving the names Robert Carson. The godparents are Mrs. Ashley Cooper, and Sergeant S. James and Private R. Cottingham, both of the 1st Battalion, The Canadian Scottish Regiment, Friends attending the ceremony included Mrs. S. James, Mrs. Mildon, Mrs. D. Hardisty, Mrs. Wood, Miss Caffer, Miss N. Jones, and Gladys Duly, Anne and Iris Jones.

Kitchen Shower

A kitchen shower was held last Thursday at the home of Mrs. A. Moran, in honor of Miss Jose McMillan, who is to be married in Vancouver to Mr. William Russell, Victoria. The shower was given by Mrs. R. H. Nicholson, Mrs. G. Florence and Mrs. A. Moran. Present were Mrs. R. H. Palmer, Mrs. E. Myers, Mrs. J. Johnson, Mrs. G. Johnson, Mrs. G. Clark, Mrs. H. Kalia, Mrs. J. Blackstock, Mrs. C. Tomlinson, Mrs. E. Prewett, Mrs. Hussey, Miss Fletcher and Miss M. Mason.

MARINE AND TRANSPORTATION

ONE WEEK OF
SHIP LOSSESAdmiralty Reports 54,547
Tons of Shipping Sunk
By Enemy Action

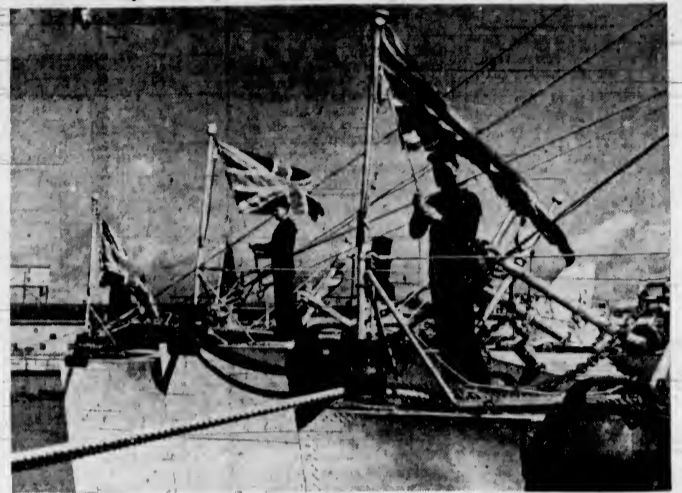

LONDON, Sept. 17 (CP).—The Admiralty reported today 54,547 tons of British, Allied and neutral-merchant shipping were destroyed by Germany in the week ending September 9. This figure is slightly above the average—53,900 a week—for the previous fifty-two weeks of the war.

The Admiralty said "the Germans claimed to have sunk a total of 188,000 tons" during this same period.

It said losses consisted of 46 British ships totaling 28,200 tons; four "Allied" ships totaling 18,499 tons; and two neutral ships totaling 7,848 tons.

British losses listed do not include any tonnage which may have been sunk by air attacks September 7, 8 and 9. It was stated, because the full details of such attacks are not yet available.

BRITISH SHIP
GOES ASHORE

Steamer Incemore, With
Crew Aboard, Fast on
Reef Near Anticosti

THOMASTONE, Maine, Sept. 17 (AP).—Mackay Radio reported receiving a distress call today from the British steamship Incemore, saying: "Ashore with reefs in close proximity on Anticosti Island in Gulf of St. Lawrence."

"Crew still standing by vessel," said the terse message picked up at 3:45 a.m., P.S.T.

Lloyd's lists the Incemore as a 4,068-ton vessel fitted for oil. The 360-foot steamship's port of registry is given as Liverpool. It was built in 1920, and the owners are listed as the Johnston Line, with Furness, Withy & Co. as managers.

MONTREAL, Sept. 17 (CP).—Officials of Furness, Withy & Company, Ltd., said today they had been advised the British steamship Incemore was ashore off Anticosti Island in the Gulf of St. Lawrence, but they had no other information. "I have no word as to just how badly she is damaged," said an official of the company, agents for the 4,068-ton vessel.

Reports from Thomastown, Maine, said another ship was steaming toward the stricken vessel.

YOUNGEST BABY
TO FLY NORTH

Little Daughter of Hudson's
Bay Co. Factor Making
Long Flight

EDMONTON, Sept. 17 (CP).—An eleven-day-old baby, Patricia Ellen Ross, left here today by airplane on a journey that will take her 1,400 miles north of Edmonton to Holman Island and to the honor of being Canada's farthest north white baby. Patricia was accompanied by her mother, wife of the Hudson's Bay Company factor of the Arctic Islands, and her three-year-old brother, Buddy. They will change planes at Yellowknife, fly to Coppermine on Coronation Gulf, then go by boat to Holman Island.

Patricia broke the record formerly held by Buddy in being the youngest baby to fly out of Edmonton. He went North by air when he was a month old and now is on his third air journey.

DEATH CALLS
RAIL OFFICIAL

C.N.R. General Freight Traffic
Manager Passes
At Montreal

MONTREAL, Sept. 17.—R. J. Foreman, general freight traffic manager, Canadian National Railways, died early today at his home here. Mr. Foreman had been in his usual good health and on Monday had filled in fully at his office at the system headquarters. In the evening, when Mrs. Foreman, he had been host to visiting friends and afterwards enjoyed a game of bridge at home. He retired before midnight and awoke at 5 o'clock this morning complaining of pain. Before medical aid could arrive, death intervened.

Mr. Foreman is survived by his wife, the former Miss Frances Hall, Montreal, and one daughter, Miss Margaret, at home. A brother is H. G. Foreman, assistant treasurer, C.N.R., Montreal, and another brother is W. E. Foreman, vice-president, Railway & Power Engineering Corporation, Toronto. A sister is Mrs. R. M. Card, Winnipeg. Born at Toronto, December 31, 1878, Rowland John Foreman received his early education in public schools here. He was of that school of railwaymen who began an active career at an early age and progressed throughout his service. He entered service with the Grand Trunk Railway at Toronto in August, 1892, as clerk in the superintendent's office, and in the years that followed he served in various branches of the freight traffic department in several sections of the Dominion. Steadily rising in the ranks, he took over the duties of general freight traffic manager for the Canadian National system, including Grand Trunk lines in the United States, in March, 1939.

STILL MAILING
LETTERS WRONG

Ten Per Cent of Mails Sent
Overseas to Soldiers
Misaddressed

OTTAWA, Sept. 17 (CP).—Ten per cent of those who are sending mail overseas to soldiers are misaddressing letters and parcels, thus causing delay and disappointment, Postmaster-General Mulock told the press today during a tour of the new base postoffice here.

The Postmaster-General emphasized that the way to address mail for overseas is: Regimental number, rank, name, full name of regiment or unit, Canadian Active Service Force, care of Base Postoffice, Canada.

With regard to complaints of non-receipt of tobacco and cigarettes sent overseas through tobacco companies, he said that 4,000 packages had been lost on a vessel, as the result of enemy action earlier in the season.

Mr. Mulock made clear that only mail going overseas is handled at the base postoffice. Mail for soldiers still in Canada should be addressed to the soldier at his unit and sent by regular mail.

And for those folks at home who are awaiting replies to their letters to soldiers in the United Kingdom or Ireland, the Postmaster-General said a reply should not be expected under six weeks or two months.

MAIL AND SHIPS

WINNIPEG, Sept. 17 (CP).—Post-office and Canadian Pacific Railway officials are investigating destruction by fire of a car of second-class mail on the westbound train No. 1 last night at Meadows, twenty-two miles west of here. An official said it was believed the car had been struck by lightning.

Polish Pilot Who Escaped
Internment Camp Fought
Against Them

QUEBEC, Sept. 17 (CP).—Kazimierz Rebaliski, a young Polish pilot who fought in Poland and in France, escaped from an internment camp in Rumania, and outwitted Vichy representatives at Casablanca before reaching America on Sept. 17.

Rebaliski told of how he and other Poles were sent to Rumania a year ago supposedly to take back French planes, but were arrested and interned on reaching Rumanian soil.

He escaped three times from the internment camp, but on the first two attempts was recaptured. The third time he reached Bucharest in disguise of a civilian and there the Polish Consul gave him a passport and a French visa.

He reached France and there joined a Polish aviation corps at Lyon. He was at Le Bourget airport when the May blitzkrieg began, but was sent back to Lyon to fight against the Nazi raids on civilians. After the armistice he fled from France with two Polish flyers and a French aviator to Tunis, where they cracked up on a beach. They were treated in hospital in Algeria.

Rebaliski said he was later sent to Casablanca, where he met a fellow-countryman, the captain of the freighter which brought him to America.

The captain, Jozef Swiechowski, and Rebaliski managed to outwit port authorities at Casablanca. The authorities did not want the ship to sail, but her crew filed off the anchor chain and lowered it gently into the water on a rope, before setting sail for America.

SOVIET RUSSIA

Six Vessels Booked to Carry
Cargoes From Puget
Sound Ports

SEATTLE, Sept. 17 (CP).—First regular shipping by Soviet Russia out of Seattle will be launched with the arrival tomorrow of the Belomorsk.

The Cheesecake Line has been appointed agent here for the American Trading Company, and John Mahoney, the firm's Puget Sound manager, said that at least five more vessels were scheduled to enter an irregular schedule of service. Since the United States recognized the Soviet Union seven years ago, only about a half dozen Russian "tramp" ships have called at Seattle.

The principal items on the first cargo were listed as 22,000 tons of oil line pipe from Pittsburgh, shipped here by rail, and 16,000 tons of Pacific Northwest wheat.

MEDITERRANEAN
ROUTE RESUMED

Shipping Company An-
nounces Sailing of Ship
For Istanbul

NEW YORK, Sept. 17 (AP).—War-throttled trade routes into the Mediterranean got a new lease on life today with the announcement by Garcia & Diaz, shipping agents, that the steamship Anghira sailed yesterday from New York for Piraeus, Greece, and Istanbul, Turkey, and the steamship Patria left Piraeus today for New York.

The vessels, sailing under the Greek flag, are owned by the Greek company, Hellenic Lines, Ltd.

Cargoes are fully navigated under British contraband control arrangements.

The regular schedule of sailings will be offered, the agents for the Greek line said.

Departure of the vessels—marked the resumption of Mediterranean trade interrupted in mid-June. When Italy entered the war, sailings under the United States flag were banned by the Neutrality Act. War hazards induced other nations to curtail activity.

Suspicious Ship
Probably Member
Of Patrol Fleet

NEW YORK, Sept. 17 (AP).—Mackay Radio picked up a message from an unidentified vessel at sea today reporting that "a suspicious merchant ship is bearing down on us." The position given was about 400 miles north of Bermuda.

The message said the "suspicious ship" had very tall masts, a grey hull and red lead patches.

A later message reaching the coast guard in Boston added the ship "has now turned around and is steering 13 degrees true," a northeasterly direction.

Officers suggested the ship might have been a member of the British Atlantic patrol fleet.

WELL-KNOWN FIGURE
IN FISHING CIRCLES
PASSES ON MAINLAND

VANCOUVER, Sept. 17 (CP).—J. Frank Ellis, fifty-six-year-old marine superintendent of British Columbia Packers, Ltd., died in hospital here yesterday after an illness of two months.

Well known in provincial fishing circles, Mr. Ellis was associated with British Columbia Packers and companies, which preceded it for the past thirty-six years. As marine superintendent, he was in charge of fish boats and packer construction, repairs and charters.

Funeral services will be held here Thursday.

We were arguing about names, and I said the true trade name ever adopted is "Old Chum" because that's exactly what it has been to me for years. It's helped me through times of trouble and added to my pleasure in days of ease. Give me a pipe of Old Chum—any place or any time—and I'm in good company. Philadelphia Triumph Pulls Cleveland Down To Runner-Up Position

Connie Mack's Cellar Squad Noses Out Indians
While Tigers Beat Senators to Take Over First
Berth—Yankees Blank Browns—Di Maggio Hurt—Reds One Game From Flag

The cellar-dwelling Athletics pulled Cleveland Indians out of first place in the American League yesterday with a 4-3 triumph representing Philadelphia's second straight one-run decision over the tribe.

Pitcher Bill Beckman and Right Fielder Dee Miles were villains of the Connie Mack-authored play titled "If the Indians win the pennant, they'll have to earn it."

Beckman scattered Cleveland's nine blows enough to defeat big Al Milnar, who departed in the seventh as Bob Johnson singled to tally Beckman with the deciding run.

In the Indians' half Roy Weatherly was on second, after doubling with two out, and Lou Boudreau occupied first when Miles uncorked a sensational catch which dropped the Indians' first second-half game behind the victorious Detroit Tigers.

Detroit Tigers regained first place in the American League's up-and-down pennant fight—a gift from Washington Senators, who went down 6-3—but even in victory they acquired a new worry.

ROWE FORCED OUT
Lynwood (Schoolboy) Rowe, whose comeback this year has helped to keep the Tigers up front, was forced out of the game with an aching right shoulder after hurling the first six innings. He was credited with the victory, his fifteenth of the season, as against three defeats.

Rowe discredited the ailment as serious and said he would be ready to pitch "in three or four days." Trainer Denny Carroll said: "All you can do is wait and find out." An injury to the same shoulder two years ago had threatened to end Rowe's career.

The triumph enabled the Tigers to take over the front spot by a half-game margin as Cleveland fell before the Philadelphia Athletics.

One of the six Tiger blows was Rudy York's ninth home run on base in the third.

Still struggling to keep in the thick of the pennant fight, New York Yankees overwhelmed the troublesome St. Louis Browns, 9-0.

Atley Donald kept six hits scattered and was in trouble only twice.

Some of the joy of breaking their three-game losing streak was lost to the Yankees because Joe DiMaggio, their kingpin, had a recurrence of his old leg injury in the second inning and had to leave the game.

His trouble was described as a charley horse and not serious, but no one knew whether he would be able to play in today's important double-header with Chicago White Sox.

St. Louis Cardinals pushed Brooklyn Dodgers to the brink of elimination from the National League pennant race by scoring a 5-0 shutout on Max Lanier's fifth-inning hurling.

This put the second place Dodgers eleven games behind Cincinnati and left eleven games left to play. All other clubs have been mathematically erased from the running.

NEARER THE FLAG
Cincinnati moved to within one game of clinching the National League pennant by nailing out the Phillies, 2-1, in a mound duel between Whitely Moore and Kirby Higbe.

The Reds must win one more game while Brooklyn loses to clinch their second straight title.

Boston Bees halted the Pittsburgh surge by beating four Pirate pitchers for fourteen hits and a 10-3 victory.

Vince DiMaggio hit his nineteenth home run and Maxie West hit the second straight title.

The crumpling Giants lost their ninth straight game when Chicago Cubs rallied for six runs in the eighth inning and took the slugging season 9-8.

Hank Leiber drove Carl Hubbell to the showers in the big eighth by homering with two on.

Doing a Smart Job At the Willows

GEORGE DUNN

POPULAR young starter at the Willows track, who is really doing a swell job getting the thoroughbreds away from the gate. Under study to Clay Puett for a number of years, Dunn graduated to a full-fledged starter when Puett was called to California last week. Associated with horses since childhood, the former Prairie man has spent many years on racing plants in British Columbia and California, and is admirably suited for his important position.

SAME SQUAD SAYS LESTER

Patrick to Start Hockey Campaign With Stanley Cup Champions

NEW YORK, Sept. 17 (CP)—The rest of the National Hockey League probably knew, and feared it, all along, but Lester Patrick made it official today when he announced that the same lineup that won the Stanley Cup will open the new season for New York Rangers.

"So it won't be any problems about the champs that Lester will have to worry about when he opens his seventh annual school in Winnipeg, October 2. He more concerned with the job of filling gaps in the ranks of Philadelphia Ramblers, his International-American League farm, and the amateur New York Rovers.

"About fifty kids will be at school in two groups," said Patrick. "There are perhaps half a dozen in open and I'm lucky I might get them filled. But you don't get a flock of future stars in camp at one season any more—two many scouts about now, too many other schools."

The poor showing of the Ramblers last season will be met with new blood in Philadelphia. Five of the Ramblers were sold, and four Rovers and three other amateurs from Baltimore Orioles will battle for places on the Minor League Club.

The promotions went to Murdo McKay, right wing from Fort William, Ont.; Mitchell Pechet, left wing from Fort Frances, Ont., and Carberry, Man., and Centes Albert Collins, of Winnipeg, and Frank Boucher, Jr., of Ottawa, nephew of the Ranger coach. From Baltimore Orioles, a senior amateur club, Patrick got Norman Calladine, right wing of Peterborough, Ont.; Jack Riley, left wing of Toronto, and Goalie Omer Kelley, a Toronto boy.

WINNIPEG GRID TEAM TRIUMPHS

WINNIPEG, Sept. 17 (CP)—Winnipeg Blue Bombers, holders of the Canadian football crown, tonight played like real champions to upset the powerful Calgary Bronks, 22-11. The plunging and pawling strength of the bombers smothered Bronks, who suffered their first defeat of the Western inter-provincial football schedule.

Bronks now have two wins and a loss in their three games played, while Winnipeg, with four games completed, have two losses and two victories. Rest's Roughriders have repeated one victory and two losses in three games.

C.P.R. TENNIS CLUB TRIUMPHS

Dropping only one match in the women's doubles, C.P.R. Tennis Club captured a 7-1 decision over the visiting Langford squad during the week-end.

Results, with the C.P.R. players first mentioned, follow:
WOMEN'S DOUBLES
Miss K. Harris and Mrs. C. Mea lost to Mrs. LeQuense and Mrs. Bayles, 6-1, 6-5.

N. Rice-Jones and H. Peden defeated Mrs. Perrins and Mrs. Phipps, 6-1, 6-4.
MEN'S DOUBLES
I. Temple and B. Thompson defeated A. Perrins and E. LeQuense, 6-5, 6-3.

Victoria Derby Is Feature Gallop at The Willows Today

Good Programme Arranged for Final Mid-Week's Racing at Local Track—Public Choice Mounts Finally Gain Edge in Muddy Running—Sylvester Leading the List of Riders

Taking a number of beatings in earlier racing, public choice mounts finally gained an edge in the galloping yesterday at the Willows track, and consequently returns to the punter were much lighter than on previous days.

Running on a racing strip that was soon churned into a sea of mud, heavily-backed thoroughbreds led the parade to the wire in four of the seven events. Master Beau and Mortgage Lifter, fourth choice bangtails, scored in the fourth and fifth events, respectively, while Modern Maid, third choice in the wagers, took the initial gallop.

The highlight of the day's running was the victory of Mortgage Lifter in the sixth race, a four-year-old and up, one mile and three-quarters, and thirty yards. The seven-year-old thoroughbred, owned by W. Spore, came with a burst of speed at the finish to score a neck decision over Liverpool. The latter, in front all the way, was unlucky to hit a bad spot in the track when running in full stride.

Today's feature will be the Victoria Derby at one mile and one-eighth for a purse of \$500. Overnight entries for the gallop include Ruffing, Lee Somers, Tellus, Camp Spur, Maid of Broxa, Rattle Hocks and Wined Lady.

GOOD PROGRAMME
With today being the final mid-week racing of the present meeting, officials have lined up an exceptionally interesting programme. Six flat races and a hurdle event, in addition to the Victoria Derby, round out the day's galloping. The plant at the Willows will be stepped up to high gear to handle what is expected to be one of the largest crowds of the meet.

More changes at the Willows are now being carried out, in keeping with the policy of S. W. Randall and his associates to make the plant one of the most efficient in Western Canada. Yesterday carpenters were busy making new headquarters for the one-two betting, and S. W. Randall, manager, was personally supervising the work. The move will place all wagering in one line, and will finally result in the removal of the small, independent quarters now used to handle the quinnella take.

The daily double, Spartan Beauty and Banquo, returned \$28.20, while quinnella bet in the fifth and seventh gallops paid \$12.45 and \$16.60, respectively.

Sylvester was the day's top rider, piloting two thoroughbreds home in front. Stewart, Cox, Jackson, Spoor and Warren were the other winners. Sylvester's double victory enabled him to forge ahead of Alex Haller in the race for riding honors, dropping the latter into second place.

Horses Breaking From Starting Gate

—Photo by Staff Photographer.

THE bell rings, the bangtails break from the gate, and the race is on. The scene above depicts the start of the fifth gallop Monday at the Willows track. Lady Macduff, winner of the race, is pictured third from the right with Jockey Stewart in the saddle. The J. & M. thoroughbred galloped to

Broxa, Rattle Hocks and Wined Lady. The horses will be running for a \$500 purse. Six other flat races and a hurdle race will round out the attractive programme. First post time is 1:45 o'clock, and with today the last mid-week racing of the season, officials have made arrangements to handle a record-breaking crowd.

THREE WORLD RECORDS SET

New Standards Made at National Outboard Championship Regatta

WORCHESTER, Mass., Sept. 17 (AP)—Three world records were established at the mile time trials of the national outboard championship regatta here on Lake Quinsigamond today. Rough water delayed the start until late afternoon, and the committee decided to extend the trials through tomorrow.

Don Hilfield, Upper Montclair, N.J., broke his own mark of 38.28 miles per hour in the middle-class, when he piloted his little craft up the mile straightaway and back at an average speed of 40.43 miles an hour.

P. L. Mulkey, of Inglewood, Cal., on his third and last attempt, beat Garwood, Jr.'s class "A" amateur record of 47.680 by zipping through his test in 48.161.

The other record setter was John J. Kovacevich, Arvin, Cal., who, with Bob Jepson, of Los Angeles, as his crew, roared his second trial run at an average clip of 57.157, eclipsing his own mark of 54.328 for class "F" racing runabouts.

WARNS BRITAIN OF PROBABLE INVASION

land continues steadily and we must expect that Hitler will make the attempt at what he judges to be the best opportunity. All our preparations must therefore be maintained in a state of vigilance.

ENORMOUS STRAIN
The process of waiting, kept up to concert pitch day by day is apt in time to lose the charm of novelty.

There is no doubt it imposes a heavy strain on all concerned, but we must also not underestimate the damage inflicted upon the enemy by the very heavy and prolonged

bombing upon his concentration of shipping and upon all focal points of his assembly of troops.

Undoubtedly serious injury has been done to his ships and barges and meanwhile our own strength. I am able to assure the House, develops steadily by land, by sea, and, above all, in the air.

Sunday's action was the most brilliant and fruitful of any fought upon a large scale by fighters of the Royal Air Force up to the present.

The figures have already been made public. To the best of my belief—and I have made searching inquiries and several crosschecks—they are not in any way exaggerated.

Neither side has yet employed more than a portion of its forces, but there are good reasons for believing at the present time that very grievous inroads are being made upon the enemy's superiority of numbers, and that we may expect the decision of the prolonged air battle with sober but increasing confidence.

A SILLY IDEA
The German attacks upon the civil population have been concentrated mainly upon London in the hopes of terrorizing the citizens

into confusion, and also in the silly idea that they will put pressure upon the Government to make peace. (Laughter.)

The deliberate and repeated attacks upon Buckingham Palace and upon the persons of our beloved King and Queen are also intended, apart from their general barbarity, to have an upsetting effect upon public opinion. They have, of course, the opposite effect. They united the King and Queen to their people by new and sacred bonds of common danger and they steel all hearts to the stern and unrelenting prosecution of the war with so foul a foe.

I gave the House, when I last addressed them, the casualty figures up to the end of August, and, without prejudice to our habit of publishing the figures monthly, I may now mention that during the first half of September about 2,000 civilians, men, women and children, have been killed, and about 8,000 wounded by air bombardment. About four-fifths of these casualties have been in London.

SMALL WAR DAMAGE
Many hospitals and churches and public monuments have been damaged but the injury to our war-making capacity has been surprisingly small. We are only now beginning to get the increased flow of production from the great programmes started on the outbreak of war, and it is very agreeable to see that the increases are maintained over so wide a field in spite of the enemy fire.

To show how indiscriminate and wanton is the enemy's attack on life, I have only to compare the figures of civilian and military casualties in the first fortnight of September. There were, as I have said, 10,000 civilian casualties from air attack, but only some 250 of these occurred in all the fighting forces.

The air raid precautions organization in all its branches has proved its efficiency, and the greatest discipline and devotion has been shown by all. The fire brigades are, of course, conspicuous, but in paying tribute to them there must be no disparagement of all the other forms of service which have been faithfully and punctiliously discharged.

Of course, the task of preserving the health and well-being of this enormous community in the Thames Valley, exceeding eight million souls, living under artificial condi-

tions of scientific civilization, and of supplying them with food and all other necessities and of making provision for those whose homes have been destroyed or who have had to be evacuated—all this must, as the House will realize, have cast a strain on the machinery of government which calls for ceaseless exertion by all the authorities concerned.

AN INTRICATE TASK
I am glad to say that this heavy and intricate task is being efficiently and successfully discharged, and our whole system of life and labor is being rapidly adapted to conditions hitherto unknown to modern society. Constant adjustments have to be made and defects remedied in the light of experience.

As I said last time a great deal of our progress must be by trial and error. We have to feel our way and do our best to meet each difficulty as it reveals itself. I had hoped, as I told the House during the week that has passed, to promulgate some new rules about air raid warnings, but the intensification of the air attack has made it difficult to draw precise conclusions as to new rules, and it is wiser for the moment to allow the process of local adaptation to work a little longer.

Already speaking, our plan must be to use the system, which it may be noticed has been cut in half, as an "alert" and not as an alarm, and to have a system of local and highly trained "Jim Crows" or lookout men who will give the alarm when immediate danger is expected at any point upon this basis everyone must endeavor to carry on his work and see that output and the public service do not suffer or suffer only the minimum interruption.

There are some matters connected with our arrangements under air attack which I should prefer to discuss in private. I must remind the House that every word spoken in public session can be telegraphed all over the world and that there is no reason why we should keep the enemy informed of the details of our arrangements and thus enable him to inflict the maximum injury upon us.
